

Open Data Day is an annual celebration of open data all over the world. For the ninth time in history, groups from around the world will create local events on the day where they will use open data in their communities. It is an opportunity to show the benefits of open data and encourage the adoption of open data policies in government, business and civil society.

In-kind

Venue, food, drinks, swag, supplies, services, tech, etc.

Monetary

Money used to cover all behind-the-scenes expenses during event.

Both

Any combination of Cash and In-Kind support towards the event.

Challenge Sponsor \$500

Submit topic challenge

Bring your issue and your data to the event for the teams to work on throughout the day.

Social & Marketing

Get social media shout outs on all channels TechMill and Open Denton channels (social, email, website).

Support attendees

All sponsorship dollars goes towards putting on the event, largely to keep everyone fed throughout the day. Any money leftover is reinvested back into the community through our 501(c)3 non-profit, TechMill.
